

Thursday 18th April 2024

Dear Parents/Carers,

Next Thursday, 25th April, Hunton School will be combining Bear Grylls and Earth Day!

Throughout this day, the children will be embarking on activities to celebrate Earth Day and also to teach them about the importance of the sustainability for our planet, and what we can do to make a difference. We are kindly supported by Mrs Smith (Wren's mum) and Loddington Farm who are helping us put on workshops during the day. We are extremely grateful for the support so a personal thank you to both Mrs Smith and Loddington Farm.

The activities include:

- An assembly outlining the importance of sustainability.
- 'Where in the World' workshop for children to see where our food comes from.
- Observational drawing of fruit and vegetables.
- Smoothie Making.
- Repurposing DT activity .

The children can wear their own clothes for this day, wearing something **GREEN** to tie in with Bear Grylls Day. Please can **all** children bring in a packaged item of food that shows where it comes from (eg. pasta from Italy). And can **Porteous and Borton** children please bring in a t-shirt for their repurposing activity.

Remember to look on **X** for lots of photos on the day, and we thank you for your continued support.

Best wishes,

Mr Ming and Mrs Brown
