June

**What can we learn from people who communicate in different ways?**

## In the news this week

Big Ocean is a new K-pop band from South Korea, and all three of its members have hearing loss. They use things like vibrations, flashing lights, and sign language to help them perform music together. Even though the band can't hear the songs like most people, they work very hard to stay in time and show emotion through movement and expression. Big Ocean want to raise awareness about deaf culture and make K-pop more inclusive, by using Korean Sign Language in their performances.

### Things to talk about at home ...

- > What impact do you think a band like Big Ocean could have through their music?
- > Where and when might we use sign language?
- > What are some different ways we can communicate with others?  
Ask someone at home to share their thoughts.

**Please note any interesting thoughts or comments**
