In the news this week

Three teenagers from Indore, India – Dhruv Chaudhary, Mithran Ladhania, and Mridul Jain – have created a salt-powered fridge. Their goal is to support hospitals in rural areas around the world that lack access to electricity. Their invention, called the Thermavault, was submitted to The Earth Prize, a global competition which aims to inspire young people to solve world-wide problems.

Things to talk about at home ...

- Share your thoughts on the new fridge invention. Who do you believe will benefit most from it?
- Make a list of everyday items at home. Which make your life easier?
- Can you think of an item you use that could be improved? How?
